Harrow tooth
1898 – earliest metal monument

Witness rock
marked "W"

Stone at 4 feet deep

Now this is stone hunting.....

Special rocks deserve special
treatment.....

Road work can be fun.....

This stone was referenced to John Alford's gravestone.

Which one?

JOHN ALFRED

DIED

MAY 17, 1866

AGE

78 YEARS

Another tantalizing tale.....

Thomas Bennett Wagon way Co.	1/2	measured from 2 south 32 rod set rock 10x8x6 - on top near foot of Burr Oak Dung. on the north side of same measured Oct. 21 1865 Willard's Corn lot 25.							

Speaking of tree lines.....

And creeks and critters....
